

Integral Youth Services: Facts 101

Total Youth Served in 2021: 992

Who We Are

Integral Youth Services (IYS) is a private, non-profit 501(c)(3) social service agency that has been providing services for homeless and at-risk youth in Klamath County since 1988. Participation in each IYS program is voluntary and all services are free to the client. Our programs focus on "integrating" with one another to meet the needs of the youth and their families through advocacy, shelter, education, intervention, youth housing, employment training, and life skills training.

Our Mission

In all that we do, our mission is "To honor God in offering hope to youth, providing for their needs and mentoring toward positive choices and healthy relationships."

Our Vision

As we envision the future, we see "A community of transformed youth who are empowered and prepared to be self-sufficient; actively engaging in their lives and the lives of others."
